

TABLE A-1
Organizations in the target population and selected for the sample, by industry: FY 2021
(Number of companies)

Industry	NAICS code	Organizations in target population ^a	Organizations selected for the sample		
			All organizations	Noncertainties	Certainties
All organizations	All	40,650	8,050	5,900	2,150
Healthcare	621, 622, 623	22,500	4,250	3,300	950
Science and technology	5417	650	600	200	400
Other nonprofit organizations	Other	17,500	3,200	2,400	800

NAICS = 2017 North American Industry Classification System.

^a Estimates of the number of organizations in the target population are based on the original sampling frame that was created to select the FY 2021 Nonprofit Research Activities module of the 2022 Annual Business Survey (see the "Technical Notes" for details).

Note(s):
Numbers are rounded for disclosure protection purposes. Certainty organizations have a selection probability of one and a sampling weight of one and represent only themselves. Organizations are selected with certainty based on known R&D activities and larger than stratum-specific payroll cutoffs.

Noncertainties are organizations with a probability of selection of less than 1.
